

FALL 2008 UAB MATH TALENT SEARCH REPORT

The sixth annual UAB MTS (Math Talent Search) Contest took place on campus on Saturday, November 15, 2008.

Students began arriving at the Campbell Hall at 8:00 a.m. There were 147 students, grades 10 and 11, from 9 high schools participating. With coaches and chaperones, we had a crowd of 180 people. Students and guests were treated to donuts and cold drinks as they waited for the contest to begin.

At 9:00 a.m. students began the two hour test which was held in Business and Engineering Complex, and their teachers and chaperones enjoyed the hospitality room.

At 11:00, when the test was over, students and teachers were treated to pizza and cold drinks. The UAB math faculty and students began the challenging task of grading and judging the answers of the 147 students. The graders did an excellent job of determining winners. By 12:45pm the outcome of the contest was decided.

The Awards Ceremony began at 1pm with prizes presented by Dr Blokh as Dr Mayer read the list of winners. Schools who won the contest received trophies while the student winners received certificates and books about mathematics. The competition was rather tight, in particular we had a few ties.

All in all, it was a full day of activities for student visitors and the UAB Math Department.

Our thanks to the sponsors of this event: Dean Wenger (who supported our efforts in all respects from the very beginning) and our chairman Dr Weikard (who encouraged us and helped us all along in our efforts to run the contest).

Our thanks also to all the students, members of our Department, and members of their families, who helped this year's MTS Contest succeed.

Until UAB MTS 2009,

Best wishes,

Alexander Blokh, Outreach Director
