**Required Textbook:** J. Zabczyk, *Mathematical control theory: an introduction*. Birkhauser, Boston, 1992.

**Homeworks and Grading Policy:** I will occasionally assign homework problems during lecture. These problems will not be collected. However, we will discuss them in class. Your grade is entirely based on an end-of-the-quarter presentation on a journal article which deals with subject related to the course. I will give more details on this project later.
