

MA 227-6D (Calculus-III), Dr. Chernov

There is no more homework assignment in this course.

For your practice on the material in Sections 13.6–8, the following problems are recommended (most of them have answers in the back of the book):

**Section 13.6.** Problems 5, 7, 19, 20.

**Section 13.7.** Problems 3, 7.

**Section 13.8.** Problems 7, 13.

The final exam will cover the entire Chapter 13 (and only Chapter 13).
